Enrollment

Resident Students. Code No. 501.1

Children who are residents of the school district community will attend the school district without paying tuition. The residence of a student means the place, abode, or dwelling of the student. However, a student may establish a dwelling with someone other than the parents and attend public school in the district without paying tuition if the primary purpose for residing in the school district is not for the purpose of obtaining a free public education. Further, students who have reached the age of majority and who are still eligible to attend an Iowa secondary school may declare their residence independent of the residence of the parents.

Each case involving the bona fide residence of a student will be decided upon its individual merits by the superintendent.

Nonresident Students. Code No. 501.2

Students who are eligible to attend an Iowa public school but who are not legal residents of the school district may be admitted into the school district at the discretion of the superintendent upon application and payment of tuition. The tuition rate shall be the current per pupil cost of the school district as computed by the board secretary and as authorized by the Iowa Department of Education.

Resident students whose families move from the school district after the start of the semester and who wish to complete the semester in the school district may be permitted to attend without the payment of tuition at the discretion of the superintendent and approval of the school board. Students who plan to open enroll in the nonresident district may complete the school year without the approval of the superintendent or board. These students, other than students in grades eleven and twelve, must have the recommendations of the principal, as well as an adult who resides in the school district, identified for purposes of administration.

Students in grades eleven or twelve who are no longer residents of the school district, but were residents in the preceding school year, may continue to attend school until they graduate without the payment of tuition. These students must have an adult, who resides in the school district, identified for purposes of administration.

Non resident students who are eligible to attend an Iowa public school and who have evidence they will become legal residents of the school district prior to the third Friday in September may be allowed to attend without the payment of tuition.

Admissions. Code No. 501.4

The board shall require evidence of age and residency in the form of a birth certificate or other evidence before the student may enroll in the school district's education program. It shall be within the discretion of the superintendent to determine what is satisfactory evidence for proof of age.

Prior to enrollment, the child must provide the administration with their health and immunization certificate. Failure to provide this information within the time period set by the superintendent shall be reason for suspension, expulsion, or denying admission to the student.

Student Transfers In. Code No. 501.6

Students who transfer into the school district must meet the immunization and age requirements set out for students who initially enroll in the school district. The school district reserves the right to deny admission to any nonresident student unless the student is complying with the open enrollment procedures.

The school district reserves the right to deny admission to any transfer student who has been suspended or expelled (or is pending these actions) by the administration or the board of the school district the student had been attending until the student has been reinstated into the school district from which the student was expelled or suspended.

The school district shall request the student's cumulative records from the previous school district. If the student cannot offer proof of grade level, the principal will make the grade level determination. The principal may require testing or other information to determine the grade level.

The principal shall determine the amount of credits to be transferred. If the student has not previously attended an accredited school, it is within the principal's discretion to accept or reject credits or grades. If the student has previously attended a nonaccredited school or competent private instruction, they must have completed all of the required classes and credits at South Page High School to receive a diploma.

The board may deny admission if the student is not willing to provide the board with the necessary information.

Open Enrollment. Code No. 501.14

Iowa's open enrollment law allows students residing in one school district to request admission to another school district upon the parents' request. Parents wishing to enroll their children in another school district must apply for open enrollment by March 1st for the following school year. Exceptions: September 1 is the last date for open enrollment requests for entering Kindergarten students and those students falling under the "good cause" definition for the school year. Contact the Office of Superintendent for further details. Parents of open enrolled students whose income falls below 16% of the Federal poverty guidelines are eligible for transportation assistance. This may be in the form of actual transportation or in the form of direct payment. Parents should be aware that open enrollment may result in the loss of athletic eligibility.

Dual Enrollment Students

Home school or home school assistance program students enrolled in classes or participating in school activities in the school district are subject to the same policies, rules, and regulations as other students and are disciplined in the same manner as other students. Dual enrollment students interested in participating in school activities or enrolling in classes should contact the Office of the Superintendent.

Student Transfers Out or Withdrawals. Code No. 501.7

If the student's parents wish to withdraw or transfer the student from school prior to completing and graduating from the education program, they shall notify the building principal in writing as soon as possible of the decision to withdraw or transfer the student from the education program. The student or parent should present this written notice at the office and receive instructions regarding the return of textbooks, library books, locker equipment, hot lunch tickets, etc.

The notice shall state the student's final day of attendance. If the student is not enrolling in another district, the school district shall maintain the student's records in the same manner as the records of students who have graduated from the school district.

If the parents wish to have the student's cumulative record sent to the new school district, the parents shall notify the building principal in writing. This notice shall include the name of the school district and the person at the new school district to whom the student's cumulative records shall be sent. If the new school district requests the student's cumulative records, the school district will forward the cumulative records and notify the parents the records have been sent. The parents have the right to review the records sent.

If the student is of compulsory education age and not transferring to another public school district or an accredited nonpublic school, the parents shall notify the superintendent that the student is receiving competent private instruction and file the necessary competent private instruction reports.

Records and transcripts will not be released until all school fees are paid in full along with devices and textbooks returned.

Postsecondary Enrollment Option

Eleventh and twelfth grade students, ninth and tenth grade students who have been identified for the talented and gifted program, may take classes through any of the Iowa colleges and universities, if the class is not offered by the attending high school. The school district pays the tuition and textbook fees. College credit and high school credit is awarded for these classes if they are completed successfully, and the grades are calculated into the students' cumulative high school grade point average. Students must meet the Senior Year Plus Eligibility Requirements which includes proficiency in reading, math, and science on the Iowa Assessments.

Senior Year Plus Option

Senior Year Plus was created to provide increased and more equal access to college credit and advanced placement courses. Courses delivered through Senior Year Plus provides students with an opportunity to take a rigorous college curriculum and receive both high school and college credit concurrently.

Any student interested in a senior year plus enrollment option should submit an application in writing to the school through the counselor or principal before enrolling. Authorization for approval of courses, institution, credit, and payment for courses must be obtained from the Board of Education in advance of the pursuance of concurrent enrollment options or the district assumes no responsibility or obligations.

If a student drops after the official date stated by the high school (September 1 or January 15 or said term), the student will be assigned a grade of "F" for that course and appear on the high school transcript as such. The grade may not be reflected on the college transcript; however, all courses taken through Senior Year Plus at school expense or as part of a student's minimum course load will be added to the student's high school transcript and grades earned will be used when calculating high school GPA and class rank.

The school district will pay for the rental of required textbooks. Students will be responsible for the purchase of lost textbooks.

Registration

Each spring students shall select the courses in which they plan to enroll for the next school year. The [Course Guide Handbook](#) provides a description of all the classes that will be available to the student next year with information regarding the grade level, length of the course, evaluation methods used, prerequisites necessary to enroll in the course etc. are included. Read through these carefully to be sure that you are signing up for the classes that you really need.

Attendance

Compulsory Attendance. Code No. 501.3

Parents within the school district who have children over age 6 and under age sixteen by September 15, in proper physical and mental condition to attend school, will have the children attend the school district at the attendance center designated by the board. Students will attend school the number of days school is in session in accordance with the school calendar. Students of compulsory attendance age will attend school on a minimum number of days equal to 90 percent of the approved calendar. Students not attending the minimum days must be exempted by this policy as listed below or, referred to the county attorney. Exceptions to this policy include children who:

- Have completed the requirements for graduation in an accredited school or have obtained a high school equivalency diploma
- Are attending religious services or receiving religious instructions
- Are attending an approved or probationary approved private college preparatory school
- Are attending an accredited nonpublic school
- Are receiving competent private instruction.

It is the responsibility of the parent of a child to provide evidence of the child's mental and physical inability to attend school or of the child's qualifications for one of the exceptions listed above. The principal will investigate the cause for a student's truancy. If the principal is unable to secure the truant student's attendance, the principal should discuss the next step with the school board. If after school board action, the student is still truant, the principal will refer the matter over to the county attorney. The school will participate in mediation if requested by the county attorney. The superintendent will represent the school district in mediation. The school district will monitor the student's compliance with the mediation agreement and will report violations of the mediation agreement to the county attorney.

Attendance and Absenteeism

Regular attendance is very important to the success of children in school. Therefore, we encourage students to develop consistent attendance patterns. While a student can make up work missed during or following an absence, a lost day can never be made up. Going to school is a full time, not part time, job. Many employers consider attendance of equal importance to scholarship. Parents and students carry the main responsibility for attendance. Students who meet this responsibility should be rewarded for their dedication.

Student illness or some other urgent necessity should be the only reasons for absence or tardiness. ***Students who wish to participate in school-sponsored activities must attend school at least one-half of the day of the activity unless permission to miss school has been given by the principal ahead of time.***

Student Absences - Excused. Code No. 501.9

Regular attendance by students is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal.

Student absences approved by the principal shall be excused absences. Excused absences shall count as days in attendance for purposes of the truancy law. For the absence to be excused, parental/guardian approval must be communicated to school officials.

Students whose absences are approved shall make up the work missed and receive full credit for the missed school work. It shall be the responsibility of the student to initiate a procedure with the student's teacher to complete the work missed.

Students who wish to participate in school-sponsored activities must attend school one-half the day of the activity unless permission has been given by the principal for students to be absent.

It shall be the responsibility of the parent to notify the student's attendance center as soon as the parent knows the student will not be attending school on that day. The principal may request evidence or written verification of the students' reason for absence.

Excused Absences will include by not limited to:

- Personal illness (may require documentation if become excessive)
- Professional appointments which cannot be arranged outside of school time (documentation required)
- Recognized religious observances
- Required court appearances (documentation required)
- Pre-arranged/approved absences - these include absences that are important to the family that are requested by the parent and approved by the principal in advance of the absence from school. Failure to obtain prior permission will result in the absence being considered unexcused (the exception to this would be an emergency). Parents are strongly urged to schedule vacation during the summer and/or breaks in the school calendar.
- Bereavement
- Suspensions (out of school) and interventions.

Truancy - Unexcused Absences. Code No. 501.10

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal of their attendance center.

Truancy is the failure to attend school for the minimum number of days established in the school calendar by the board. Truancy is the act of being absent without a reasonable excuse. Truancy will not be tolerated by the board.

Students are subject to disciplinary action for truancy including suspension and expulsion. It shall be within the discretion of the principal to determine, in light of the circumstances, whether a student may make up work missed because of truancy.

The building principal shall investigate the cause for a student's truancy. If the principal is unable to secure the truant student's attendance, the principal should discuss the next step with the school board. If after school board action the student is still truant, the truancy officer shall refer the matter over to the county attorney.

The school will participate in mediation if requested by the county attorney. The superintendent shall represent the school district in mediation. The school district will monitor the student's compliance with the mediation agreement and will report violations of the mediation agreement to the county attorney.

Unexcused absences will include but not limited to:

- Class cuts
- Falsely informing the school about the reason for the absence
- Absences that have not been pre-arranged and pre-approved as excused.
- Absences when the school has not been notified during the absence (the exception to this would be an emergency).

Notification of Absences

Parents are asked to notify the school of their student's absence by calling the school at 712-582-3212 each day the student is absent. The absence will permanently remain unexcused if notification from the parent (by phone or written note) has not been received by 9:00 am of the day the student's return. The school will attempt to contact parents at home or at work if the student's absence has not been verified.

Tardy

Unexcused Tardies:

- A student is considered tardy when the student is not in the classroom when the bell stops ringing.
- Consequences:
 - Three times a week = parent is called and ½ hour detention is assigned
 - Four or more times per week = parent is called and 1 hour of detention is assigned

Excused Tardies:

- Student who comes to class shortly after the bell with a pass from another teacher.
- Student who asks permission to go to the restroom, take the pass, and returns shortly after the bell

Attendance Procedure

Onsite:

The days referred to below are total days missed. Exceptions will be made for approved, long term absences.

3 or More Consecutive Days

If a student is absent 3 or more consecutive days, the school may require a doctor's statement confirming the illness.

7 Days Absent

A letter will be sent to the parent/guardian addressing the absences. A home visit may be made by school personnel and/or accompanied by a police officer.

10 Days Absent

An “Attendance Cooperation meeting” will be scheduled with parents and school interventionists and/or administration.

15 Days or More Absent

The following may occur:

- The police may accompany school personnel on a home visit; or
- The school district will request mediation meeting with parents, student, administration, and school interventionist

20 Days or More Absent

The following may occur:

- A letter will be sent to the County Attorney notifying them of attendance concern.

Hybrid Learning:

Students are expected to attend classes on a daily basis whether it is online or onsite. Onsite attendance will be taken at the beginning of each class period. Online attendance will be taken by participation in virtual classroom and/or participation in daily forums.

If a student is absent, it is the responsibility of the parent to notify the school of the reason for the absence. The above attendance policy will apply based on attendance records.

Online/Continuous Learning:

Students are expected to attend classes on a daily basis when school is in session. Online courses require a clear pattern of participation for all students. The attendance standard is that each student logs in and participates in some meaningful way, i.e. assignment completion, forum discussion, quiz completion, etc, inside of the online course - at a minimum - at least once a day as measured from Monday to Friday. If this standard isn't met for any week in the semester, points will be lost from late or incomplete daily assignments and students will be marked absent for that day.

If a student is absent, it is the responsibility of the parent to notify the school of the reason for the absence. The above attendance policy will apply based on attendance records.

An Attendance Committee will consider whether your child needs to attend school on an adjusted schedule based on needs.

High School Student Drop-Out

The Department of Transportation (DOT) will be contacted if a student drops out of school. Student's license may be revoked and/or will not receive a license until he/she is 18 years old.

Iowa Code 299.1B Failure to Attend - Driver's License

A person who does not attend a public school, an accredited nonpublic school, competent private instruction in accordance with the provisions of chapter 299A, an alternative school, or adult education classes shall not receive an intermediate or full driver's license until age eighteen.

Daily Procedures

Arrival to School

Students are allowed to enter the building at 7:45 am on regular school day unless they have special permission from a staff member. On late start mornings, students are allowed to enter the building at 9:15 am.

High School and Junior High students will wait in the commons until the 8:10 am bell to report to their first hour class. Students who wish to eat breakfast will be allowed to go to the cafeteria and then report to the common until the 8:10 am bell.

Elementary students will wait in the gym until the 8:10 am bell unless they wish to go eat breakfast in the cafeteria. Students may sit in the bleachers or walk laps around the perimeter of the gym floor until the 8:10 am bell.

Students who arrive at school after the tardy bell for the first hour class must report to the front office, sign in, and get an admission pass to class.

Leaving School Early

Secondary Students wanting to leave school early must present a slip to the office before 8:15 a.m. signed by the parent stating the reason why they are to be dismissed early and at what time the student is to be dismissed. The parent may call the office and notify the secretary as well. All excuses to leave early should be held to a minimum. In case of a family emergency, students may be excused by a telephone call from parents to the office. Students must sign out in the front office before they leave the school.

Students excused more than 50% of the morning or 50% of the afternoon, whether excused or unexcused, will still be counted absent on the daily roll toward perfect attendance.

Make-Up Slip When Absent

Students will report to the office to receive a make up slip for excused absences.

Daily Announcements

A copy of the announcements will be emailed to all students each morning. Each student is responsible for the information read. Faculty have the right to add/delete announcements. Any student who is wishing to make an announcement for the benefit of a large group of students must turn the written announcement into the principal's office before school begins in the morning. The office reserves the right to deny any announcements brought in.

Textbook/Technology

Unreasonable damage to textbooks will result in fines. Lost textbooks/technology devices must be paid for and replaced immediately. The fines for these must be paid to the office.

See [Technology Device Guidebook](#).

Technology Violations

- 1st Offense
 - Loss of device for 24 hours
- 2nd Offense
 - Loss of device for 1 week + student-technology department conference
- 3rd Offense

- Loss of device for 1 month + student conference with administration, technology coordinator, and parent signature on letter.
- 4th Offense
 - Loss of device for 1 month + student meeting with technology coordinator administration, and parent(s)

Telephone Use

Messages and deliveries from home should be left in the office. However, calls for pupils during school hours are disturbing to the school routine and therefore should be held to a minimum. Students will be called out of class only in an emergency. Students may use the office telephone only when a special need exists. The student must receive permission from his/her teacher prior to using the telephone.

Personal Electronic Devices

Students whose personal electronic devices disrupt the learning environment may have the device taken away. A progressive discipline plan will be used to determine appropriate consequences. Electronic devices are highly encouraged not to be brought to school or locked away.

Cell Phones

Junior High and High School Policy:

Students may have their cell phones before school, after school, passing periods, and during lunch time. Cell phones are not permitted during instructional time regardless if it is a study hall or work time.

Elementary Policy:

Elementary students may bring their cellphones to school but need to be locked in their lockers during the school day.

Portable Music Devices

Portable music devices are not allowed during instructional time unless permitted from the teacher or supervisor. Portable music devices may not be used during hallway passing time due to safety reasons. Devices may be confiscated if they become a distraction to the educational process of the class and to other students. The confiscated device will stay in the possession of the principal until the parent picks up the device or the student serves a half hour detention. The district and/or any agents of the school will not be liable for the loss or damage of any confiscated electronic devices.

Posters and Signs

Permission to place notices on the bulletin boards should be obtained from the principal's office. Students are allowed to place posters and signs on the inside of their lockers. Remember, they need to be in good taste. Only those posters and signs that represent a school organization may be placed on the outside of the lockers.

Locker Assignments, Inspections, and Searches

Students will be assigned a locker during registration in the fall. Lockers may NOT be exchanged once they are assigned without approval of administration. The school offers padlocks to students. These may be obtained by paying a \$5 deposit, which is refundable when the lock is returned in good condition. Only school issued padlocks may be used on your regular or sports locker. If you have a PE/Sports locker, you should have a padlock on it.

Locker inspections can be made without advance notice to either students or parents. If a locker is inspected, the student will have the right to be present. (Locker inspections generally involve maintenance and cleanliness of the locker.)

Student Driving/Parking

Licensed students may drive their cars to school. Cars must be parked in designated parking areas. Students failing to obey the parking rules will face disciplinary action. Students are expected to drive in a safe manner at all times. Students are not to be in cars for any reason during the school day unless permission has been received from administration.

School Visitation

Stakeholders are welcome to visit the building. For safety purposes, visitors must stop at the front office to sign in and receive permission from administration, and obtain a visitor pass. Office personnel will direct visitors to the appropriate destination and notify staff that a visitor will be coming to the room.

Student visitors are not allowed in school during the school day. The office will ask students to come to the office for those parents who need to see their students.

Students may raise funds for school-sponsored events with the permission from the principal. Fund raising by students for events other than school-sponsored events is not allowed. Collection boxes for school fundraising must have prior approval from the principal before being placed on school property.

Finances

Each school-sponsored group needs funds to carry on its work and activities. Money-raising projects and dues charged to members are the two primary sources. All money-raising projects must have the approval of the administration. Any income raised must be turned in and receipted by the principal's secretary. Students involved in fundraising are responsible for all money due.

Only sponsors may sign for credit for purchases made in any capacity.

Wednesday/Church Night

School authorities are mindful of the fact that a well-rounded education is based on experiences not only in school but in church and home. Wednesday night of each week is set aside for church activities. All school activities will be over by 6:00 pm during the school year except for conference obligations or special circumstances necessitating a later time.

Field Trips

All trips, which are considered an integral part of a class or organization's curriculum, often include visiting sites off of the campus area. These are commonly referred to as field trips. Students are reminded that on all trips they are representing all students at South Page, and they should conduct themselves in an appropriate manner consistent with the ideals of the South Page Community School system. Students must meet academic eligibility standards in order to attend trips which are not considered an integral part of a class or organization's curriculum.

Senior Trip

The senior trip should be an earned privilege. Senior students should make an effort to exhibit exemplary behavior, attendance, and academic performance to be included in this activity. For this reason, the following guidelines are established governing the eligibility to participate.

General Regulations

- Participation is voluntary. Students participating must have accumulated the required credits for graduation. Participation shall require a signed release by the parent for each senior, indicating the guidelines have been read and understood and the parent accepts the rules and responsibilities. Any student who does not meet minimum graduation requirements will not be allowed to go on the senior trip.
- All required class work must be completed and approved by each teacher.
- All financial obligations to the school must be taken care of prior to the trip. This includes any debts that may be outstanding over the student's cumulative years in the district.
- The trip location will be selected by the class and sponsors, voted on by the class, and approved by the administration and school board.
- Senior trip is a school sponsored activity and all rules and policies governing school sponsored activities will apply unless otherwise specified by the senior trip rules written and agreed upon by the class sponsors and school administration.
- The arrangement for transportation on the trip will be the responsibility of the senior class sponsors. It shall be the responsibility of the chaperones to supervise student activities while on the trip.
- This activity is considered a school extracurricular activity and is therefore subject to the guidelines for student discipline and conduct as provided in the student handbook.
- The parent of any student whose behavior on the trip necessitates being sent home before the trip is over shall incur the responsibility for those expenses, including arranging for transportation.
- Any disciplinary action that may be taken for violation of school rules on the trip might affect graduation status and may require board action.
- Any students participating in a Senior skip day will lose the privilege of going on the senior trip.

Student Eligibility for Senior Trip: No student will be allowed to participate in the senior trip if during the senior year, any of the following are applicable:

- The student has been suspended out of school for any disciplinary violation.
- The student has been suspended in school for two or more times for disciplinary violations.
- Students who have less than a 90% attendance both excused and unexcused record for their senior year. Hourly attendance is used to determine a student's attendance record. All others will be up to the principal's discretion. An attendance deadline will be established each year to aid class sponsors in obtaining appropriate lodging.
- The student has excessive tardies (administration discretion) to school or class.
- Students who have not participated in class fundraising activities will be assessed reasonable amounts to make up the deficit in class funds that results from their non-participation in any of these activities. (This may be adjusted in case of extenuating circumstances.)

- Students who have been charged with or arrested for possession of use of alcohol, drugs, or paraphernalia during their senior year.
- Principal's discretion may be used regarding some of these guidelines.

Student Behavior and Discipline

Student Conduct. Code No. 503.1

Inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others, or presents a threat to the health and safety of students, employees, and visitors on school premises. Appropriate classroom behavior allows teachers to communicate more effectively with students.

Inappropriate behavior includes behavior which disrupts or interferes with the educational program, the orderly and efficient operation of the school or school activity, the rights of others students to participate in the education process or activity, or the educational atmosphere. The staff is expected to be firm, fair, and consistent in dealing with student discipline. When a discipline problem persists, the principal or teacher may call the parents for a conference.

Rules of behavior of South Page Community School exist for three primary reasons:

1. The safety of all students and staff.

There will not be an assigned detention period. Teachers must make arrangements for detention students to stay whether after school or before school to ensure that teachers will be able to stay with students. Any teacher may detain any pupil for discipline or help when

needed under the said teacher's supervision. The student will be notified 24 hours ahead of the period to be detained, so he/she may make arrangements for transportation, as the school will not make special provisions for transporting the student home. If more strict discipline is required, a letter will be sent to the parent concerning the nature of the problem, and the parent will be required to accompany the student to school to aid in the solution of the matter. Teachers may call for a parent's permission to detain any student for discipline reasons on the same day. Students will stay either that day, if parents have given permission, or the next day. Teachers will turn in all discipline slips and notices to the office.

The principal shall conduct an investigation of the allegations against the student prior to imposition of an in-school suspension. The investigation will include, but not limited to, written or oral notice of the student of the allegations against the student. In-school suspension will not be imposed for more than ten school days. Written notice and reasons for the in-school suspension will be sent to the student's parents.

The Activities Director shall keep records of violations of the Good Conduct Rule.

Suspension from Sporting Events - Regulations

Suspension from state sanctioned sporting events is described below. The number of suspensions listed represents dates; not necessarily games/meets. The suspension will move to the next regularly scheduled date if the activity scheduled on one of the identified dates is postponed or cancelled. Each day of a multi-day meet or tournament is considered a date (e.g. John Harris Wrestling tournament is two dates). Furthermore, the suspension applies to the student’s primary level of competition. Additionally, the student will be ineligible to compete in all other performances or contests at any level during the primary level suspension period.

If a sports season ends prior to completion of the suspension, there will be a “carry-over” to the next sport in which the student is participating. Also, the student will be required to complete the sports season in which they are participating, or the suspensions served during that season will be invalid. During the suspension period, the student will be expected to continue practicing, but will not be able to participate in contests or performances, as outlined below:

High School Sports Timely Admission				
	<u>School Discovery</u>		<u>Self-Reported</u>	
	25%	50%	25%	50%
Football	2	4	1	3
Cross Country	2	4	1	3
Volleyball	3	7	2	6
Basketball	5	10	4	9
Wrestling	3	7	2	6
Bowling	3	7	2	6
Tennis	3	6	2	5
Track	3	6	2	5
Golf	3	6	2	5
Baseball	7	15	6	14
Softball	7	15	6	14
Cheerleading	Corresponds with sport in season			

A student who fails a semester but does not compete in any other to no activities will be deemed ineligible up to one full academic year (12 months).

Concurrent Suspensions

If a student is ineligible due to grades and has a good conduct violation, the longer suspension will be applied.

Education Program

Following a violation in Category A or B, the student will complete a series of questions (short answer & essay) pertaining to drug awareness/illegal offenses, and will address issues such as: effect on self, effect on family and others, effect on other members of the team/group, knowledge of the good conduct rule and what happens on the next offense, etc. The student will remain ineligible as long as the educational component is incomplete. Satisfactory completion of the educational component will be determined by the administration.

Honesty Clause/Timely Admission

We want to encourage students to be honest with the school regarding violations of the Good Conduct Rule. Students who make a “timely admission” to school administration regarding a violation of the GCR will be given the opportunity to take a one-performance/contest suspension reduction in all activities to which the suspension applies.

“Timely Admission” means the student notifies school administration on the next day of attendance following the violation. If the violation occurs during the summer break, the student has (3) days to make a “timely admission” to school administration. This “timely admission” option is available only once and only with a first violation of either Category A or B.

Medication Administration Guidelines

All medications should be taken before or after school hours whenever possible. However, it is understood that certain medications are required during the school day. Iowa State Law and South Page Schools allow medications to be administered at school only when the following specific guidelines are met.

- Medicine prescribed 3 times a day should be given at home: before, after school and at bedtime. Medications that are to be given four times a day will be given at lunch.
- Herbal remedies, Natural Supplements, or Essential Oils that are not approved by the Federal Drug Administration will NOT be administered by school personnel.
- All medications must be brought to the school and picked up by an adult. The medications will be kept in a locked storage area and distributed by the school nurse or school personnel that have taken the Medication Administration Course. Medication will not be sent home with students. Any medication that has not been picked up by the last day of school will be disposed of properly.
- No medication is to be kept by students in their lockers, desks, or on them personally. Medications are to be kept in the school’s designated area.
- Medications will be transported for field trips according to State of Iowa recommendations.

Prescription Medication

- Per Iowa State Law prescription medication must be in the original container from the doctor, pharmacy, or store. The name of the student, medication, time to be given, and name of the physician must be on the container. Written permission to give the medicine, with the parent’s signature, must accompany the medication. A current pharmacy labeled container can serve as the written prescriber’s order.
- Parent instruction cannot conflict with prescriber’s orders.
- The parent is responsible for submitting a new prescriber’s order form to the school each time there is a change of dosage or time of administration. Prescriber’s orders may be faxed or emailed to the nurse.
- Medications must be in the most current pharmacy labeled container.
- Empty bottles of prescription medication will not be automatically sent home with a student unless under specific circumstances arranged/approved by the nurse or school staff.

Self-Carry Emergency Medications

- Inhalers

- Students with asthma and other airway constriction diseases may self-administer their life saving medication when a parent provides written permission and a physician's prescription.
- All inhalers must have the prescription label directly on the actual inhaler as well as on the box it comes in.
- If the student misuses this privilege, the privilege will be withdrawn.
- Epi Pens
 - South Page Community Schools does not provide epinephrine auto injectors. In the event of an anaphylactic reaction, emergency services (911) need to be contacted immediately.
 - A student who has a prescribed epinephrine auto injector may carry and self administer when a parent provides written permission and the physician provides a prescription.

Over The Counter Medication

- All medications must be brought from home by an adult in the original container labeled with student's name
- Parent instructions cannot conflict with label instructions.
- Over-the-counter medications can only be administered if the label instructions correspond with the student's age, weight, and medication indications.
- School nurse may refuse to administer over-the-counter medication if it is felt that it may be detrimental to the student.

Bus Policies/Transportation

Transportation of Students

The school will furnish transportation for activities. All participants (musicians, athletes, etc.) will be required to ride both ways via school transportation. The only exceptions will be written requests made by the student's parents and cleared by the administrator. For the convenience of parents, they may bring their student home in their cars with the sponsor's permission. Students riding the bus or school van must abide by regulations. Expulsion from said activity will be the penalty for disobeying this rule.

Notice of Video Cameras on Buses

The South Page Community School District Board of Education has authorized the use of video cameras on school district buses or vans. The video cameras will be used to monitor student behavior to maintain order on the school buses, or to promote and maintain a safe environment. Students and parents are hereby notified that the content of the videotapes will only be retained if necessary for use in a student disciplinary proceeding or other matters as determined by the administration.

Regulations for Students Riding Buses. Code No. 711.2, 711.2R1

Bus transportation for students enrolled in the school district is one of the requirements set forth by the Iowa State Department of Education. In complying with this requirement, the Board is authorized to establish policies and regulations that will ensure safe transportation for all students. Although the law requires the district to provide transportation, it does not relieve parents from the responsibility of supervision until such times as the child boards the school bus and after the child leaves the bus at the end of the school day. Nor does it relieve from the responsibility to behave in an orderly and safe manner on the bus.

School transportation is a privilege that can be taken away any time a student's conduct is considered severe enough to jeopardize the safety of the other passengers. The right of safe transportation will not be taken from an entire bus load of students because a few of them disobey the rules.

Those students guilty of flagrant, repeated, or gross disobedience or misconduct on school buses or vans are subject to suspension within the guidelines of the district's Student Suspension Policy, Code No. 503.1R1. Continued violation of bus rules will be considered sufficient cause to refuse to transport the student(s) involved and may lead to suspension from

school, depending upon the seriousness of the matter. The bus driver shall have complete control of the bus and the student(s) being transported for the duration of the bus ride. Any problem arising with a student will be promptly reported to the building principal who shall discipline the student in accordance with procedures developed by the superintendent and approved by the Board.

School Bus Regulations

1. Bus riders shall be at the designated leading point before the bus arrival time.
2. Bus riders shall wait until the bus comes to a complete stop before attempting to enter.
3. Riders must not extend body parts, such as arm, heads, legs, feet, out of the windows at any time.
4. Aisles must be kept cleared at all times.
5. All bus riders shall load and unload through the right front door.
6. A bus rider will depart from the bus at the designated point unless written permission to get off at a different location is given to the driver.
7. A rider may be assigned a seat by the driver.
8. Riders who damage seats or other equipment will reimburse the district for the cost of the repair or replacement.
9. Riders are not permitted to leave their seats while the vehicle is in motion.
10. Permission to open windows must be obtained from the driver.
11. Classroom conduct is to be observed by students while riding the bus except for ordinary conversation.
12. The driver is in charge of the students and the vehicle, and the driver is to be obeyed promptly and cheerfully.
13. Students shall assist in looking after the safety and comfort of younger students.
14. Students shall not throw objects about the vehicle nor out through the windows.
15. Students shall keep feet off of the seats.
16. Roughhousing in the vehicle is prohibited.
17. Students shall refrain from crowding and pushing.
18. Helium balloons are prohibited on the bus.
19. The use or possession of alcohol, tobacco or look-alike substances is prohibited in the vehicle.
20. The Good Conduct Rule is in effect.

Failure to follow these regulations may result in suspension from the bus.

Harassment/Anti-Bullying Policy

Harassment and bullying of students and employees are against federal, state, and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by students, school employees, and volunteers who have direct contact with students will not be tolerated in the school or school district.

This policy is in effect while students or employees are on property within the jurisdiction of the board; while on school-owned or school-operated vehicles; while attending or engaging in school-sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school or school district.

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures up to, and including, termination. - Demeaning jokes, stories, or activities directed at the student that have the effect of causing injury, discomfort, fear, or suffering to the victim; and/or
- Unreasonable interference with a student's performance or creation of an intimidating, offensive, or hostile learning environment.

Sexual harassment means unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
- Submission to or rejection of the conduct by a school employee is used as the basis for academic decisions affecting that student; or
- The conduct has the effect of substantially interfering with the student's academic performance by creating an intimidating, hostile, or offensive education environment.

Initiation Activities

Any type of initiation activity or hazing is forbidden on school grounds during the school day or during a school activity. Students involved in this type of activity may receive consequences from the district, and law enforcement will be notified when necessary.

In situations between students and school officials, faculty, staff, or volunteers who have direct contact with students, bullying and harassment may also include the following behaviors:

- Requiring that a student submit to bullying or harassment by another student, either explicitly or implicitly, as a term or condition of the targeted student's education or participation in school programs or activities; and/or
- Requiring submission to or rejection of such conduct as a basis for decisions affecting the student.

Any person who promptly, reasonably, and in good faith reports an incident of bullying or harassment under this policy to a school official, shall be immune from civil or criminal liability relating to such report and to the person's participation in any administrative, judicial, or other proceeding relating to the report. Individuals who knowingly file a false complaint may be subject to appropriate disciplinary action.

Retaliation against any person, because the person has filed a bullying or harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. Individuals who knowingly filed false harassment complaints and any person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another invilation of this policy. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds.

The school or school district will promptly and reasonably investigate allegations of bullying or harassment. **The Level I Investigator** or designee will be responsible for handling all complaints by students alleging bullying or harassment. **The Level I Investigator** or designee will be responsible for handling all complaints by employees alleging bullying or harassment.

It is also the responsibility of the superintendent, in conjunction with the investigator and principals, to develop procedures regarding this policy. The training will include how to recognize harassment and what to do in case a student is harassed. It will also include proven effective harassment prevention strategies. Student Activities

Activities and Clubs

It is recommended that all students participate in at least one of the many activities or organizations in the South Page Community Schools. Be cautious about becoming involved in so many activities that your grades suffer.

Any group of students, having sufficient interest, can request time for club meetings provided the group is willing to establish a constitution and bylaws, and submit them to the principal and superintendent for approval. If approved, permission will be granted to form the organization. Discipline policies for ALL extracurricular activities will be as listed in the [athletic/activities handbook](#).

Class Organizations

Each class will elect its own president, vice president, secretary/treasurer, and student council representative. Class meetings will be held as needed.

Finances

Each school-sponsored group needs funds to carry on its work and activities. Money-raising projects and dues charged to members are the two primary sources. All money-raising projects must have the approval of the administration. Any income raised must be turned in and receipted by the principal's secretary. Students involved in fundraising are responsible for all money due.

Only sponsors may sign for credit for purchases made in any capacity.

Dances

School-sponsored dances will be restricted to current South Page students and their dates. If the dates are from outside of the school, they must be signed up and approved by administration. Student's dates cannot exceed the age of 21.

Once a student is in attendance at the dance, they may not leave the building. Except for extenuating circumstances that must be approved by the sponsor, leaving the building will terminate attendance at the dance. There will be a sign out sheet students will sign when they leave the dance early.

The school reserves the right to regulate the dress of musicians and those in attendance and the volume of the music. The school also reserves the right to deny attendance to anyone smelling of alcohol or giving the appearance of intoxication.

National Honor Society

The National Honor Society is an honorary club for high school seniors, juniors, and sophomores. The purpose of the NHS is to create an enthusiasm for scholarship, to stimulate the desire to render service, to promote leadership, and to develop character. To be eligible students must have a cumulative grade point average of 3.0. In addition, members selected must meet high standards in leadership, service, and character. Further requirements, such as certain classes required, can be discussed with the high school guidance counselor. Failure to maintain the standards for selection (i.e., violations of the school's good conduct code) may result in a hearing by a faculty council for possible dismissal from the organization.

Speech and Drama

In addition to the regular speech course at South Page, students may also participate in the state speech contests. Students may also try out for parts in plays presented during the school year.

BPA

Business Professionals of America is a career and technical student organization. BPA aims to help develop leadership, academic, and technological skills in the workplace among students and leaders within the community. "Today's students, tomorrow's business professionals"

Graduation Activities

Near the beginning of the school year, a time is set aside to have a representative call on our school for the purpose of selecting and ordering senior graduation announcements. Seniors must also have their pictures taken for the yearbook and for the class composite. A day will be set aside early in the year for seniors to have pictures taken at the school. Gowns will be rented to the students. Caps and tassels are purchased by the students. If class finances allow, the cost of all flowers for graduation are paid from class funds.
